

ASC OP Template for comments and project leader's observations

Date: 07/05/2021	Document: ASC2021-01	Project:
------------------	-----------------------------	----------

Reviewer*	Comment Number	Section	Paragraph, Figure, or Table	Type of comment**	Comments	Proposed change	Project leader's observations
Richie Youngworth	1	8.3b	b) & c)	Ed	operating procedures tracked copy there is a spacing error in 8.3b between words, wrong punctuation at the end of 8.3c,	N/A	Agree – will make corrections
Richie Youngworth	2	11	1 st line in paragraph	Ed	Squished text inserted "for cause" on the first line in 11.	N/A	Agree – will make corrections
Paul Murphy	3	5.4	N/A	Ed	The roster list starts at 'd' rather than 'a' or '1' – it appears to be continuing the lettering of the previous list (interest categories), which it probably shouldn't. Also, the last item in the list is reusing 'f'; it probably should be an 'i' (if not intended to be indented) or a new sublist (if intended to be a sub-item to the previous item).	N/A	Agree – will make corrections
Ray Williamson	4	11	Paragraph 1, line 1	Ed	"for cause" appears to be of a different font	N/A	Agree – same as comment #2
