

BALLOT RESULTS

Letter Ballot: OEOSC/OP1/TF4
Ballot No.: 2011-5
Issued: November 18, 2011
Date Due: December 31, 2011

OEOSC ASC OP, Committee for Optics and Electro-Optical Instruments
Title: BSR/OEOSC OP1.0110-11, Proposed American National Standard for Optics and photonics – Preparation of drawings for optical elements and systems – Part 11: Non-toleranced data.

Number of voting members: **16**
Number of ballots required: **majority**
Number of ballots received: **6**

Should the subject standard be advanced to the OP level for ballot?

6 Affirmative Comments, if any :

1) Center values in the boxes in the table (formatting), 2) If the table goes over one page, it may be useful to have the top categories repeated on the second page; alternatively format it to fit one page

Northrop Grumman: is "Laser Systems", should be "Electronic Systems"

0 Negative w/reasons:
0 Abstain w/reasons:

Result: **Pass**
